

PLUG IN TYPE TERMINAL BLOCK

c  US E133988(R)

ETB84 SERIES

MOUNT TYPE

PITCH=5.0mm

■ FEATURES

- The Female socket is mounted and soldered to the P.C.B.
- The Male connector of plug using a twin leaf phosphor bronze contact mates with the Female socket
- UL 94V-0 grade fire retardant engineering plastic used for the housing
- ETB82 / ETB6H series Male connector plug in with the Female socket ETB84 series
- Good for insertion & withdrawal
- RoHS Compliant
- Halogen free series available

■ SPECIFICATIONS

- Pitch 5.0 mm
- No. of pin per block 2P to 16P
- Rating 10 Amp, 300 VAC
- Housing PA66
- Terminals Tin plated over Copper Alloy
- Flange nut M2.6x0.45P, Tin plated over Copper Alloy
- Operating temperature -30°C~+110°C
(Includes temperature rise limit)
- UL Approval 300V, 10A
